

LASER WORLD OF PHOTONICS
SHANGHAI NEW INTERNATIONAL
EXPO CENTER, CHINA

The LASER World of PHOTONICS CHINA exhibition, provides photonics companies and fans from around the world a unique opportunity to meet face to face with our excellent optical engineers, view a demo of Diffractive Optics in action, learn the benefits of this advanced technology, and discuss your projects and needs.

Holo/Or will be presenting in this amazing trade show for the 3rd year in a row. Pre-schedule a meeting with our engineers team to guarantee your time slot, or visit our booth #W3.3131.

March 2019

20-22
